

Hey Trivia Friends!

You already know we launched **My Game Show Live...**

But surprise — there's **another new game** entering the MTL universe.

Introducing...

It's exactly what it sounds like:

Speed dating + trivia = less awkward environment, better conversations and actual things to talk about

If you're **single**, love trivia, and keep saying things like

"I'm too busy,"

"I hate dating apps," or

"I'm just shy"...

Sorry.....You're officially **out of excuses**

And if you're *not* single — congrats!

Please forward this to the friend who always says, "Ugh, I hate dating," but somehow still wants to meet someone.
